SR1-B: Project Title**SR1-C: Abstract**

In this section briefly describe the project needs in view of the researcher's knowledge of the project, describing the logic and the need to conduct research with the expected outcomes.

SR1-D: Introduction

In this section analyze previous work in the field of research and the researcher's previous experience. Then define the goals and objectives for conducting this research and the expected results of the present project the researchers hope to achieve.

SR1-E: Theory

Summarize the theory on which this research is based and the use of this theory in your calculations and the results of your project.

SR1-F: Methodology

Describe the methods to be used in conducting your research and the reasoning for using them and how they are different from other research methods.

SR1-G: Expected Outcomes

Describe the expected outcomes of this research project, whether or not they are publishable and at what level (international or regional).

SR1-H: Consistency with goals and vision of the University

Describe how this research project is consistent with and serves the vision and goals of the University.

SR1-I: Timetable for Processing the Project

Present a timetable for processing the project indicating what is expected to be accomplished in each phase, indicating the time of the final phase.

Note: Do not forget to submit a report on the progress made in each phase and how it is consistent with your timetable.

SR1-J: References

List the references to be used in dealing with this project including the researcher's publications in the field of the project.

SR1-K: Available Resources

List the resources available at AUM that will be used in the research project. Also list the available equipment that you may be able to use in another institution (attach permission to use them).

SR1-L: Budget Needed

Fill in the following table and at the end describe and justify each item.

Item	Description	Cost in JD
1	Equipment and technical materials	
2	Computers and Software applications	
3	Consumable materials	
4	Technical Services	
5	Logistic services including transportation and accommodation	
6	Publication expenses	
7	Research assistants' salaries	
8	Researchers' incentives	
9	Other expenses (specify)	

10	Total Cost :	
11a	(-) Research fund from other institutions if any (please specify)	

11b	(-) Research fund from co-researchers' institution(s) if any (please specify).	
12	Net fund requested from the University	

Justification for the Requested Budget:
